

INDIAN INSTITUTE OF TECHNOLOGY KANPUR

Department of Physics

Enquiry No: PHY/LHE/2015-2016/1

16-07-2015

The Central Cryogenics Facility, Department of Physics, IIT Kanpur invites quotation for order of a maximum **850 cubic meters** of high purity helium gas for liquefaction purpose. The specification of gas, terms & conditions are as follows

1. Gas : Helium ,
Purity: 99.995%, Impurities: Oxygen \leq 5PPM, Moisture \leq 5PPM, THC \leq 1PPM, Nitrogen \leq 2PPM
2. The supplier is required to provide the gas in our Institute cylinders quads (each quad contains 16 cylinders).
3. The supplier is also required to provide a certificate of purity of the gas.
4. All the taxes need to be clearly specified in the quotation.
5. **Transportation conditions such as FOR/Ex-works/ To & Fro charges should be clearly mentioned in the quotation. Please note we will need the transport costs to be include in the quotation.**
6. Quotation should be valid upto 60 days.
7. Delivery period should be clearly mentioned.

This order is likely to be repeated in the future, your offer must consider Institutional discount. Please send the sealed quotation in favour of Prof. Satyajit Banerjee latest by **30th July, 2015**.

Sincerely

(Prof. Satyajit Banerjee)
