

Request for Quotation

REF: AE/AK/2014-15/01

Sub : Quotation for supply of: **Spectrometer with accessories**

With reference to the subject mentioned above, you are invited to submit the specifications quotation and a separate price quotation in a sealed envelope so that reaches us before 20/02/2015, in the form of a hard copy to the address mentioned below.

The requirement is a spectrometer for the purposes of measuring the energy spectrum of a light source, in typical laboratory experiments.

The following are additional specifications of the spectrometer:

- Range – 200-1100 nm
- Slit/connector – 25um, SMA 905 connector
- Resolution (FWHM)- 1.4 nm
- A/D converter – 16-bit
- Interface – USB

The following accessories are also required with the spectrometer:

1. Collimating lens for 250-2500 nm
2. Fiber cable, Broadband 250-2500 nm, 2 m. length, with SMA Terminations.

Also dispatch a soft copy of the specifications quotation to the email address below, in order to enable quick processing.

Best regards,

Sincerely,

A. Kushari
